

Total Safety Management

"We hired them to help our fast paced company get ahead of safety issues and create a great safety program. As always SITEX came through and did a great job."

-VP, Clear Water Solutions

It's common for businesses to outsource certain functions, such as marketing, accounting, or IT. It's time to look at safety the same way.

Overcome the challenges of safe and compliant worksites.

Market forces are simultaneously increasing the need for comprehensive safety approaches while increasing the challenges to providing safe and compliant worksites. Businesses like yours face:

- Talent shortages
- Evolving compliance standards
- Rising staffing costs
- Soaring injury costs
- OSHA and regulatory inspections
- Inexperienced safety teams

Reduce liability. Mitigate incidents. Improve compliance.

By employing one partner to handle ALL your safety needs, you get a proactive and flexible framework that addresses issues before they cause injury or illness. SITEX's approach to Total Safety Management gives you end-to-end solutions for any and all of your safety challenges.

Planning

Our certified experts assess all your needs, from routine operations through turnarounds and special projects.

Design

We customize a safety plan that fits your specific needs, including staffing, compliance, and training.

Management

Execution of the plan, along with ongoing analysis to identify areas that can be improved upon.

Outsource safety management to increase productivity and limit liability

Working with a total safety partner means you can focus completely on your core business while our certified experts handle safety and industrial hygiene in both regular operations and specific projects. Ultimately, you get a top-down safety culture that provides:

- Reduced and shared liability
- Fewer risks and incidents on job sites
- Decreased costs for hiring and training personnel
- Increased efficiency and productivity
- Proactive industrial hygiene at work sites

Replace traditional reactive approaches with one partner that **increases your overall safety ROI.**

Let our investment in safety maximize yours

SITEX makes deep investments in personnel and technology so you don't have to. Our safety and environmental experts will know your business inside and out to execute a framework that includes:

- Management leadership
- Worker participation
- Hazard identification and assessment
- Hazard prevention and control
- Education and training
- Program evaluation and improvement
- Communication and coordination for host employers, contractors, and staffing agencies
